Celebrity Chefs from Italy are the pop stars of the culinary world and we are the ticket to them to create a spectacular Italian event.

These Chefs can award those extra miles to your prestigious Hotel Restaurant; Stand-alone Restaurant; Clubs or Association parties; Private Dinners; Corporate Events; Staff training; Guests workshops; Media Events or to your own personal inspiration.

They use the finest, most outstanding ingredients you can find, prepare them to the utmost of their ability and accentuate the original flavor without imposing on, or masking it. Their culinary principle is in the ability to make clear its diversity and to assemble the idea that protecting cultural goods, health and the environment is socially beneficial in order to ensure its own place within the increasing diversification of ethnic cooking.

Be the first to launch the innovative concept of the “Italian Culinary Festa”, an Italian excellence of finest dining experience. Discover the infinitive path of the Italian Contemporary Regional Culinary Journey in a spectacular show of these celebrity Chefs, whose culinary arts you will savour for weeks afterwards in your city.
